

Blue September Father's Day Challenge, 6 September 2015

Thank you to Dynamic Running for their support of this event.

Dynamic Running supported the Blue September Father's Day Challenge by providing gear such as signs and high visibility vests. They also provided volunteers to do the time-keeping.

Dynamic Running was NOT involved in the choice of course, nor the measurement of the course. We (Carolyn and Peter of Blue September) recognise our 21.1km Race was only 19.5km and we have a lot to learn for next year's event on Father's Day September 4th 2016!

If you are keen to do another community run, join in the Dynamic Running's Regional Challenge to be held on 26 September 2015. They need 100 runners to qualify and compete against Alice Springs and Darwin.

Register via the Dynamic Running website, or use this link

<https://regonline.activeglobal.com/register/login.aspx?eventID=1654749>

Please let us know if you spot an error in the results so we can get it updated. Unfortunately approx 20 runners did not get their tokens scanned, and a few of the tokens were out of order. The times given in red are the best estimated guess our time keepers/sorters could come up with.

Individual 18+

Finish position	Bib #	Name	Finish token	Time (h:mm:ss)
