

Black Mountain Trail Race, Race 3 of 4 in the Summer Trail Series, 1 November 2020

Race director: Lorraine Lawson

The Black Mountain Trail Race had a new start line this year. We were not granted a permit to run on the Twin Bridges track, so ended up doing an out and back along Black Mountain Road starting at the intersection of Kennedy Highway and Black Mountain Road. Competitors had to turn around at the cones that were placed out every 2.5km earlier in the morning. Thanks to Michelle Molan for helping with the course set up.

The event continues to attract only small competitor numbers, but with 23 entrants this year it was going ahead. On the day, as it turns out, there were only 18 competitors.

Congratulations to Dynamic Running club member, Phil Harris (4:57:55) who took out first place and completed his first ever ultra-marathon doing 50km on the day. Second placing went to Jeff Herbert and Joe Buck who also did 50km in a time of 5:32:00. Third place goes to Alex Rayner who did 40km in 4:19:20. The top female was Jacqueline Funch who completed 30km in a time of 3h38min11sec, followed by Lorraine Lawson (also 30km, 4:50:16).

In terms of the Summer Series, here is the tally to date. The final race is Misty Mountains on 22 November.
